

## Cherish these Moments Three Panel

Cut ribbons to these sizes:  
 Blue gingham: 3", 5", 6", 7"  
 Green gingham: 3-4" & 1-6"  
 Blue grosgrain: 2-8"

Chalk all 3 canvases just around the edge with Blue Moon Powder Puff Chalk Ink. Fold large tag top in half and glue to top of top canvas. Add 8" of plain blue ribbon to tag top. From 6x12" paper, cut (2) 5.5x5.5 pieces and get the 3rd 5.5x5.5 piece from diecut. Chalk edges and adhere to all 3 canvases in the center. Chalk chipboard diecuts and add ribbons and vellum to project as shown in photo. Add blue diecut flower to center of both large white flowers. Tie 7" piece of blue check ribbon around one of the flowers.

Add vellum circle behind one of the flowers and add small chipboard scroll to front. Place the other white flower into your trimmer and score about 1/3 of the flower. The trimmer will not cut all the way through so cut the rest of the way with scissors. Add the 1/3 part to the top canvas on the right edge. Lay the remaining piece of the flower at the bottom corner and then turn canvas over and draw a line against the canvas onto the flower back so you will know where to cut the rest of the flower to fit at the bottom corner. Use trimmer and scissors again to cut the flower.

With leftover diecut circles, cut freehand, tiny hearts to put in centers of blue silk flowers. Tear out the words "Always & Forever", making sure you leave the ends of vellum long enough to wrap them around to the back of each tag and adhere. Add ribbons as shown and adhere everything in place. You will connect the canvases together with the 2 remaining 5.5x2" strips. Add strong glue along the long edges of the strips and lay them on the table. Lay canvases on so you can see about 1/2" of the blue paper in between and behind the canvases. Add the scalloped edge to the bottom back of the bottom canvas.
