

DOMINO FRAME

SUPPLIES

- Dominoes
- Sakura Glaze Pens
- Sakura Sticklers
- Sakura Permapaque Pen – black
- Wooden Frame
- Black Gesso
- Gel Medium
- Paint Brush
- Water

INSTRUCTIONS

1. Place a Stickler on the back (the side without dots) of a domino. It's okay if the Stickler extends beyond the face of the domino, simply wrap it around the edges.
2. Use a black Permapaque pen to color in the domino (sides and face) outside of the Stickler.
3. Fill in the Stickler with Sakura Glaze Pens. While they're wet, let the colors blend together for a watercolor effect.
4. Let the ink dry (about 15 minutes).
5. Repeat steps 1-4 until you have enough dominoes to cover your frame.
6. Paint the frame black and let dry.
7. Adhere dominoes to frame using a strong adhesive like gel medium.
