

# ONE CUT/TWO PROJECTS

## Supplies:

- DCWV The Metallic Stack
- Brother ScanNCut
- Scissors
- Sakura Quickie Glue Pen
- 2 Sheets of White Cardstock 12x12
- Tape Runner
- three 2.25x2.25" photos
- Black Rhinestones
- Marker & Piece of Paper
- Black Cardstock
- Sakura Pigma Micron
- DCWV The Bella Armoire Stack
- Chalk Inks – pink, blue, yellow
- Koi Watercolor
- Paintbrush
- Container of Water
- 4x4" photo
- Paper Trimmer (optional)
- Paper Feather (tutorial for making your own: <http://tinyurl.com/qetcotq>)
- Paper Piercer & Mouse Pad
- Embroidery Floss
- Needle

## Instructions: Layout 1

1. Cut out at least 14 leaves (from the built-in quilting designs on the Brother ScanNCut) from a sheet of DCWV Metallic paper.
  - a. Use the scan function in order to "see" the small piece of paper on the cutting mat.
  - b. Gather the leaves so that they can all be cut

from that single piece of paper.

2. From a separate sheet of DCWV Metallic paper, use a pair of scissors to cut out two parentheses-like shapes.
3. Adhere the parentheses-like shapes to the white cardstock, using the Quickie Glue Pen.
4. Adhere the leaves to the parentheses-like shapes.
5. Adhere three 2.25x2.25" photos down the center of the leaf fronds you've created.
6. Add three black rhinestones at the base of the photos.
7. Write your title on a piece of paper with a black marker. Scan it into the Brother ScanNCut machine and cut it out of black cardstock.
8. Adhere the title to your layout using the Quickie Glue Pen.
9. Add your journaling.
10. Cut a strip of paper from the DCWV Bella Armoire Stack and adhere it along the left edge of the layout.

## Instructions: Layout 2

1. Use the negative space from the leaf cut-outs from the previous layout as a stencil. Rub three colors of chalk inks through the stencil, moving it around and even overlapping previously stenciled areas.
2. Add a splattering of black watercolor splats. Let dry or dry with a heat gun.
3. Adhere a 4x4" photo to the layout.
4. Trim the negative space of the previous layout's title to a tidy rectangle and adhere it to the layout. You can use scissors or a paper trimmer.
5. Adhere three black rhinestones under the title.
6. Add your journaling.
7. Attach a paper feather to your layout with embroidery floss. You can buy paper feathers or make your own. I use a paper piercer and mouse pad to create holes for my stitching.
