INSTRUCTIONS

1. Use a combination of the regular and fine point Sakura Moon-

light Pens to doodle on a piece of black cardstock.

2. Cut two strips of the doodled cardstock (approximately 1" wide, but it's nice if you cut a little wonky).
3. Using the fine point Sakura Moonlight Pens, add a shadow to the quote/title of your page.
4. Again, using the fine point Sakura Moonlight Pens, add journaling to your photo.
5. Use a tape runner to adhere the photo and the quote/title to the white cardstock with a small gap in the middle.
6. Trim the white cardstock to leave a small white border around the photo and quote.
7. Adhere the white cardstock in the center of the patterned paper.
8. Adhere the two strips of doodled cardstock together using a tape runner.
9. Fold the long strip you've created back and forth to create messy pleats. You can adhere it to the layout with a tape runner or by stitching a line straight down the middle with a sewing machine. And you're done!
