

"YOU ARE MY SUNSHINE" SCRAPBOOK LAYOUT

INSTRUCTIONS

1. Unscrew the nozzle from a misting spray bottle and lightly tap it over a 12x12" sheet of black cardstock to create small splashes all over the page. Then, take a handful of silver sequins and staple them along the misting trail to create a textured look.
2. Adhere a decorative tag and two 3x3.75" photos to the center of the page.
3. Paint the word remember using black watercolors. After it dries, make a laser (toner) copy. Then run that copy through the Minc foil applicator.
4. Using the ScanNCut, scan and cut out the phrase "Remember" and adhere.
5. Cut out the phrase "Hugs + Kisses" from patterned paper and adhere it above the photos using pop dots.
6. Cut out the phrase "You Are My Sunshine" from patterned paper and trim them into individual words. Adhere to the bottom of the page using a mix of regular adhesive and pop dots.
7. Add gold foam shape embellishments across the page.
