

## "OH HAPPY DAY" SCRAPBOOK LAYOUT

### INSTRUCTIONS

1. Adhere a 6.5x7" piece of patterned paper to the left center of a 12x12" sheet of cardstock.
2. Stamp a cloud shape to the upper center of the cardstock and carefully cut out the bottom of the shape using a craft knife. Place a brad in the center of the sun stamp.
3. Place a 4x6" photo near the center of the page, slightly overlapping the patterned paper from step one and just below the cloud shape from step two.
4. Add a strip of washi tape to the top of the photo and create a cluster of embellishments, including epoxy stickers, brads, wood veneers, and letter stickers.
5. Apply another strip of washi tape to the bottom of the photo and create another cluster of embellishments, including a hand-cut flower made from various patterned papers. Atop the flower, place a button and stick two brads through the two button holes.
6. Cut out a 4x4" piece of patterned paper and adhere it to the right of the photo. Add journaling.
7. Place three strips of washi tape to the bottom of the 4x4" piece. Add a decorative paper clip and a stamp to the top of the paper.
