Kimberly Water color pencils

PLUS "Love" Deco Roller

PLUS "Honeycomb" Deco Roller

PLUS "Heart" Deco Tape

PLUS TG-610BC Glue Tape

Brush

Spray bottle plus container for water

Scrap paper

Scissors

### **Instructions:**

Roll "Love" stamp onto paper.

Cut paper down to 11" x 11".

Use watercolor pencils at the top of the paper in rainbow order.

Spray with water and tilt paper up to create drips. Allow to dry. Once dry, if color appears too light, go through the process a second time.

Adhere to black paper.

Next layer 3 sizes of flower. Take apart silk flower. Roll Honeycomb roller over the back side of the large and medium flowers. Use heat tool to quickly dry/set the ink. Take medium layer and apply water color paint to the front side, allow to dry.

Adhere photos to white rectangle, and apply Decoration Tape underneath.

Piece flower together, adding a brad to attach layers.

Apply paper layers, flower and embellishments to the page.
